Profile

Hello, This is Alauddin. I am a full-time professional freelancer. And a web developer. Expert in WordPress, Shopify, Wix, Squarespace, Magneto & MailChimp. I can develop and design any type of websites such as an online shopping store, restaurant, school website, agency website, and Business Website. I completed long-term training for an Associate's degree, in Web development and Responsive Design from CodersTrust Bangladesh. Associate's degree in Advanced WordPress, Shopify, Wix, Squarespace, Magento & MailChimp from CodemanBD. Associate's degree in Digital marketing & SEO from Outsourcing institute and attend many practical projects. I can create your website pixel perfect with SEO friendly also can do a high-quality project and work with my own responsibility for all types of organizations, able to work confidently. Your satisfaction is my success. Also, I can do Graphic design, Logo Design, I can do Photo editing, background removal, Background replacement, Photo retouching, and Clipping path. I am organized, reliable, dedicated, and a person of integrity. I believe success is when one exceeds customers' expectations. Customers are the most valuable asset of any organization. I do hope you will be 100% satisfied to work with me. If you have any questions or queries in your mind or need a custom offer, don't hesitate to discuss it with me & feel free to contact me.
